10th October 2018

Dear Parents and Carers

“Save the Family” – Fundraising Day

Our chosen charity this half term is “Save the Family”, which is a charity that provides support for homeless and troubled families in this area. They work with the families affected by this, and their support includes education, employment and wellbeing of an individual.

University Academy Warrington would like you to support this event by sending your child into school on **Thursday 18th of October** wearing their own clothes, with an item of clothing that is either: yellow, green, pink or blue, in exchange for a £1 donation.

The donations will be collected on the gate as students and staff enter school.

Any student not wishing to take part in the expected dress code must attend in full school uniform.

It would be a real success if every student and staff member could take part in our fundraising day to help raise the maximum amount of money possible to enable us to host a truly wonderful event for our local community.

Thank you for your support.

Yours sincerely
